

From 15.06.2020

NEW VISITATION REGULATIONS

Vorarlberg State Hospital

By using the new “4x1” visitation regulations and by complying with certain rules, it is now possible to visit patients at the hospital:

OUR VISITING HOURS ARE:

Monday to Sunday 14:00 to 16:00

Monday and Thursday 18:30 to 19:30

(Not applicable to LKH Rankweil - please visit the hospital website for information on visiting hours!)

EXCEPTIONS TO THE RULE*:

- > Fathers/partners/accompanying persons before, during and after the birth
- > Visiting your child
- > Critically ill patients

We politely request that you only visit your friends/relatives in the Vorarlberg State Hospitals where absolutely necessary. Every visitor must complete a health questionnaire before access to the hospital can be granted, which may lead to **significant waiting times**. We ask for your understanding!

You are required to wear a mask throughout your entire visit – including within the patient rooms. Please also observe the mandatory hygiene measures including the use of hand disinfectant and maintaining your distance.

*The visiting hours applicable to these exceptions are shown on the websites of the relevant department.
